Hi gents,

We're going to have to have the conversation pretty soon with Celsius.

How do you want me to play this?

Thanks

Hi Liam:

Can you send us your latest spreadsheet on Celsius Deployments?

What do you usually share here?

For the site in Sharon, what do you think is the most likely number of rigs that can go online in July? *Sharron is going to depend on finalising the SPV, which we are working on with Amir currently. Timing on this being worked on as we speak and we'd expect to know in the next 7-10 days that final timeline.*

Thanks,
